

**AEP Ohio Low Income Program
Customer (Homeowner/Tenant)/Property Owner Acceptance**

Dear Customer and/or Property Owner:

Ohio Power Company ("AEP Ohio"), provide the AEP Ohio Low Income Program to their customers who are qualifying homeowners and tenants ("**Customers**") to help make their homes safer, improve the energy efficiency of their homes, and to reduce their energy costs.

The AEP Ohio Low Income Program is designed so that it can be coordinated with -- or piggybacked on -- the Ohio Home Weatherization and Assistance Program (HWAP) and other programs to provide comprehensive weatherization, energy efficiency and electrical safety services to our qualifying low-income Customers.

Under this AEP Ohio program, we will perform the following:

1. Examine the electric wiring, lighting, heating system, water heater, refrigerator, freezer, stove and other electric energy appliances in the homes to verify whether they are operating safely and efficiently and if not, may provide services to address their operation.
2. Check the attic, sidewalls, floors, windows and doors to determine if there is a need for additional insulation to the home and if there is, may provide services to address that need.

To effectively weatherize your electrically heated/cooled home, it may be necessary to insulate the wall cavities with cellulose. This involves drilling holes in the walls and putting insulation in the space behind. There are five methods we may use to get behind the wall:

1. The exterior siding will be drilled and plugged.
2. The exterior siding may be lifted and the sub-siding will be drilled.
3. The interior walls will be drilled and patched.
4. The interior baseboards and crown molding may be removed and the wall sheathing drilled.
5. Drilling through the seal plate and top plate of the wall cavity.

If your home has asbestos siding or other factors which prevent us from drilling through the exterior, your inspector and insulation contractor will determine the best approach to use inside the home.

If you have a mobile home, it is still necessary for you to sign this form. Insulation may be placed in the belly, walls, and roof of the mobile home.

Customers, if you qualify and would like the services under this program performed, **PLEASE READ, SIGN, AND RETURN PAGE 2 OF THIS FORM** in the enclosed self-addressed envelope, if applicable. **Customer Tenants must additionally provide a copy of their most recent electric bill.**

Property Owners, **PLEASE READ, SIGN, AND RETURN PAGES 3 AND 4** in the enclosed self-addressed envelope, if applicable.

**CUSTOMER
RELEASE OF ALL CLAIMS AND
AUTHORIZATION TO USE DATA**

In consideration of the receipt and installation of weatherization materials or appliances, I, the Customer homeowner/Customer tenant at the address below do hereby release, acquit, and forever discharge, Ohio Power Company, and Hocking Athens Perry Community Action, their officers, agents, employees, successors and assigns, of and from any and all actions, causes of action, including by way of illustration but not by limitation, claims, demands, damages, costs, loss of services, expenses and compensation, which I now have or may hereafter have, or that my heirs, executors or administrators can or may have against Ohio Power Company, or Hocking Athens Perry Community Action, their officers, agents, employees, successors and assigns, on account of, or in any way arising out of the weatherization materials or appliances provided as well as the installation and use thereof.

I acknowledge that Hocking Athens Perry Community Action and their contractors are providing and installing weatherization materials on an "AS IS" basis, and that Hocking Athens Perry Community Action, and their contractors **DISCLAIM ALL WARRANTIES, IMPLIED OR EXPRESSED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY WITH RESPECT TO SUCH GOODS, THEIR INSTALLATION, OR THE RESULTS OF THEIR INSTALLATION.** I also acknowledge that any energy cost savings projected by Hocking Athens Perry Community Action or their contractors as a result of the installation of weatherization materials or appliances are only an estimate.

I authorize Hocking Athens Perry Community Action to release to its designees information about my account and about weatherization materials or appliances installed on the property at the address below.
