

# City of Logan Neighborhood Revitalization Grant Community Meetings

**Tuesday, May 13th, 2025 at 6:00 PM**

The Community Development staff at Hocking Athens Perry Community Action (HAPCAP) is working with the Hocking County Commissioners and the City of Logan to secure a competitive grant through the Ohio Development. If funded, this grant can be used to perform a wide variety of community improvement projects.

We are asking that residents of the City of Logan to attend the community meetings so that they can suggest and prioritize their ideas for improvements that are most needed in their Community. Examples of eligible projects include sidewalk improvements and ADA curb ramps, street repairs, park improvements, playground equipment, storm drainage upgrades, and demolition of unsafe buildings.

Our first informational community meeting will be held on:

**Tuesday May 13th at 6pm @**  
**Mingo Park Shelter House**  
**958 Charles St, Logan, OH 43138**

It is critical that the City of Logan residents attend and participate in order to strengthen the grant application! We need your input!

Questions? Please contact the Community Development Department at Hocking Athens Perry Community Action.
